## FRI 2016 Spring Meeting & Anniversary Celebration

*Celebrating 70 years since FRI was founded at the University of Chicago and 50 years at UW-Madison*

May 18–19, 2015

Fluno Center  
601 University Ave.  
Madison, WI 53715

## AGENDA SUMMARY

### FRI 2016 Spring Meeting

#### Description

Food safety experts from government, industry, and academia will gather in Madison, Wisconsin on May 18 and 19 for the annual Food Research Institute Spring Meeting at the University of Wisconsin-Madison. The Institute has a long history of excellence in identifying and addressing food safety issues. This focus on food microbiology and toxicology has developed through academic pursuits and partnerships with industry and government.

In recognition of FRI's 70<sup>th</sup> anniversary, the formal program will highlight the Institute's contributions to food safety, including developments and research in staphylococcal poisoning, mycotoxin detection and control, antimicrobials, and *Clostridium botulinum*. The program will also look toward future research involving the microbiome of foods, microbial evolution, new detection methods, and packaging advances. Other topics to be featured include produce safety and water quality, validation and preventive control for low-moisture foods, *Listeria* in frozen food, and the legal implications of finding environmental positives. The meeting will feature scientists from the University of Wisconsin-Madison and other universities as well as industry and government.

Dr. Michael Doyle, Director of the Center for Food Safety at the University of Georgia, will present the William C. Frazier Memorial Award lecture and will be recognized for his contributions to food microbiology. Wednesday evening also will feature a poster session, reception, and opportunities to network with colleagues.

#### Who Should Attend

Anyone involved in food safety, product development, food microbiology, food quality assurance, or public health, including processors, retailers, nutritionists, consultants, educators, students, and government professionals.

## AGENDA

### Tuesday, May 17, 2016

5:00 p.m. Picnic reception, Dejope Hall (640 Elm Dr., Madison, WI 53706)

### Wednesday, May 18, 2016

- 7:30 a.m. Registration and Continental Breakfast  
8:00 a.m. Welcome / Overview of FRI  
8:30 a.m. **FRI: From the Past to the Future (Part I)**
- Overview of FRI history
  - Staphylococcal poisoning: From Dack to today
  - Mycotoxin detection and control
- 10:30 a.m. **FRI: From the Past to the Future (Part II)**
- Antimicrobials and applied research
  - *Clostridium botulinum* in applied, medical, and genetics research
  - Conjugated linoleic acid
  - Microbiome of foods
- 12:30 p.m. Lunch  
1:30 p.m. **The Future of Food Safety**
- Microbial evolution
  - New detection methods
  - Packaging advances
- 3:15 p.m. **William C. Frazier Memorial Award: Unprecedented Challenges in Producing and Serving Safe Foods**
- Dr. Michael Doyle, Director, Center for Food Safety, Univ. of Georgia
- 4:15–6 p.m. Poster Session, *Skyview Room*  
5–7 p.m. Reception and Social Hour, *Skyview Room*

### Thursday, May 19, 2016

- 7:30 a.m. Continental Breakfast  
8:15 a.m. **Produce Safety**
- Produce and water quality
  - Bacterial issues in produce
  - Protozoans in produce
- 9:45 a.m. **Presentation of Student Awards**  
10:30 a.m. **Current Food Safety Issues**
- Validation and preventive controls for low-moisture foods
  - *Listeria* in frozen foods
