Lodging & Parking

Lodging
Make your lodging reservation directly with the hotel you have selected. Rooms have been set aside at several hotels. Meeting codes and deadline dates for guaranteed rates are noted.
[https://fri.wisc.edu/files/Hotel_PDF/2020_Hotels.pdf](https://fri.wisc.edu/files/Hotel_PDF/2020_Hotels.pdf)

Parking
Parking is very limited on campus. If possible, we recommend using a hotel shuttle. Nearby parking is available in lot 20 (1390 University Avenue), lot 17 (1525 Engineering Drive), and lot 80 (Union South, West Dayton Street). Visit the Transportation Services website to locate lots with currently available visitor parking stalls. Learn more on the Discovery Building website.

Agenda Summary

Description
Food safety experts from government, industry, and academia will gather in Madison, Wisconsin on May 19 and 20 for the annual Food Research Institute Spring Meeting at the University of Wisconsin-Madison. Throughout its history, the Institute has helped the food industry identify and solve food safety issues. Its focus on food microbiology and toxicology involves effective partnerships with industry and government.

The formal program will feature the theme, “Hazard Assessment and Validation of Preventive Controls” and will include presentations on sporeformers, enterics, Salmonella, non-bacterial food safety and human health, and more. This meeting features scientists from the University of Wisconsin-Madison and other universities as well as industry and government.

Mark Tamplin will present the William C. Frazier Memorial lecture and will be recognized for his contributions to food microbiology and safety. Tuesday evening’s program features a poster session, reception, and opportunities to network with colleagues.

Who Should Attend
Anyone involved in food safety, product development, food microbiology, food quality assurance, or public health, including processors, retailers, nutritionists, consultants, educators, students, and government professionals.
